EDUCATION

New York City College of Technology
September, 2019 - Present
Full Stack Development Course. I was assigned to develop multiple websites, both static and dynamic. I worked with multiple languages including HTML5, CSS, JavaScript, PHP and MySQL. I finished at the top of my class.

The High School for Excellence
Graduation - 2007

WORK EXPERIENCE

Keller Williams NYC - Senior Real Estate Salesperson
February, 2016 – March, 2019
My responsibilities at Keller Williams were to work in a team environment to acquire new clients, maintain relationships with current clients and manage & prepare marketing for live listings. I was also responsible for marketing via social media, email marketing, telemarketing, etc. I received an award for my role in team leadership during my time at Keller Williams.

The Hecht Group - Senior Real Estate Salesperson
November, 2014 – January, 2016
My responsibilities at the Hecht Group included marketing via social media and real estate channels such as Trulia.

Anchor Associates - Real Estate Salesperson
May, 2012 – October, 2014
My responsibilities at Anchor Associates included marketing and lead generation.
